My Portfolio: <https://laurencianamuel.github.io/lhemuellaurenciana-portfolio/>

SUMMARY

Hands-on experience in hardware, software, and printer troubleshooting, computer system installation and configuration, and basic network troubleshooting, gained through an internship. Strong problem-solving skills and eager to apply technical knowledge in an entry-level IT role.

EXPERIENCE

- Intellismart Technology Inc. | IT Services Intern (On-the-Job Training)**July 2025 - December 2025
West Ave, Quezon City
- Provided technical support to employees through chat-based and in-person requests, troubleshooting hardware, software, printer, and network connectivity issues.
 - Installed, configured, reformatted, and upgraded Windows computers and laptops, including internal component replacements such as SSDs, RAM, and Wi-Fi cards.
 - Registered devices to the company network by collecting MAC addresses and whitelisting connections in Sophos for secure Wi-Fi and system access.
 - Performed data backups to IT Department storage before system maintenance, reformatting, or laptop replacement to prevent data loss.
 - Installed and configured printers, Microsoft Office, Outlook, Adobe Acrobat, PlanSwift, and other software applications for employee use.
 - Assisted in maintaining IT inventory, documenting technical assets, and recording recurring IT issues.
 - Set up and configured laptops for new employees, including software installation, Wi-Fi and network registration, and domain integration to ensure devices were ready for use on day one.

PROJECTS

- VCROAD | Capstone**2025 - 2026
- Contributed to documentation and reporting for an Android-based traffic monitoring system developed for the Valenzuela City Command, Control, and Communication Center.
- Tap Tap Go: Delivery Rider | 2D Asset Designer**2025
- Contributed to a development team effort in designing 2D pixel art assets and UI elements for a one-button mobile game that secured the Day 3 People's Choice Award at GAMECON 2025.
- PageIT**2024
- Developed a responsive front-end web-based bookstore using HTML, CSS, and JavaScript designed for seamless user navigation and digital catalog management
- TuneTwist**2024
- Developed a mobile music application as a project for Application Development, prioritizing intuitive UI/UX design, seamless audio playback, and comprehensive performance testing.
