

LHEMUEL P. LAURENCIANA

Bachelor of Science in Information Technology
Valenzuela City, Metro Manila | laurencianamuel@gmail.com | +639055945827
My Portfolio: <https://laurencianamuel.github.io/lhemuellaurenciana-portfolio/>

PROFESSIONAL SUMMARY

Hands-on experience in hardware, software, and printer troubleshooting, computer system installation and configuration, and basic network troubleshooting, gained through an internship. Strong problem-solving skills and eager to apply technical knowledge in an entry-level IT role.

EXPERIENCE

- Intellismart Technology Inc. | IT Services Intern (On-the-Job Training)July 2025 - December 2025
- West Ave, Quezon City
- Provided technical support to employees through chat-based and in-person requests, troubleshooting hardware, software, printer, and network connectivity issues.
 - Installed, configured, reformatted, and upgraded Windows computers and laptops, including internal component replacements such as SSDs, RAM, and Wi-Fi cards.
 - Registered devices to the company network by collecting MAC addresses and whitelisting connections in Sophos for secure Wi-Fi and system access.
 - Performed data backups to IT Department storage before system maintenance, reformatting, or laptop replacement to prevent data loss.
 - Installed and configured printers, Microsoft Office, Outlook, Adobe Acrobat, PlanSwift, and other software applications for employee use.
 - Assisted in maintaining IT inventory, documenting technical assets, and recording recurring IT issues.
 - Set up and configured laptops for new employees, including software installation, Wi-Fi and network registration, and domain integration to ensure devices were ready for use on day one.

PROJECTS

- VCROAD | Capstone2025 - 2026
- Contributed to documentation and reporting for an Android-based traffic monitoring system developed for the Valenzuela City Command, Control, and Communication Center.
- Tap Tap Go: Delivery Rider | 2D Asset Designer2025
- Contributed to a development team effort in designing 2D pixel art assets and UI elements for a one-button mobile game that secured the Day 3 People's Choice Award at GAMECON 2025.
- PageIT2024
- Developed a responsive front-end web-based bookstore using HTML, CSS, and JavaScript designed for seamless user navigation and digital catalog management
- TuneTwist2024
- Developed a mobile music application as a project for Application Development, prioritizing intuitive UI/UX design, seamless audio playback, and comprehensive performance testing.

LHEMUEL P. LAURENCIANA

Bachelor of Science in Information Technology Undergraduate
Valenzuela City, Metro Manila | laurencianamuel@gmail.com | +639055945827
My Portfolio: <https://lhemuellaurenciana-portfolio.netlify.app/>

SUMMARY

Information Technology undergraduate at Pamantasan ng Lungsod ng Valenzuela with hands-on experience in IT support through internship training. Skilled in hardware and software troubleshooting, computer system installation and configuration, and basic network maintenance. Eager to apply my technical knowledge, problem-solving skills, and willingness to learn while contributing to an organization's IT operations.

SKILLS

Technical proficiency includes a solid foundation in IT troubleshooting and 2D game asset editing. Demonstrated reliability and punctuality with a proactive attitude toward learning new procedures and technical workflows. Proven ability to excel in fast-paced environments through effective time management and multitasking, while maintaining a high standard of teamwork and collaboration across diverse project requirements

EXPERIENCE

- IT Support Services Intern** | Intellismart Technolgy Inc. July 2025 - December 2025
Assisted in providing technical support by troubleshooting hardware, software, and network-related issues through helpdesk systems and in-person assistance. Responsible for the installation and configuration of computer systems to maintain operational efficiency across the organization. Managed IT inventory through precise documentation and record-keeping while performing essential network maintenance, including system updates and security monitoring. Facilitated the onboarding of new employees by providing technical guidance and documenting solutions for recurring IT issues.

PROJECTS

- VCROAD** | Capstone 2025 - 2026
 - Contributed to documentation and reporting for an Android-based traffic monitoring system developed for the Valenzuela City Command, Control, and Communication Center.
- Tap Tap Go: Delivery Rider** | 2D Asset Designer 2025
 - Contributed to a development team effort in designing 2D pixel art assets and UI elements for a one-button mobile game that secured the Day 3 People's Choice Award at GAMECON 2025.
- PageIT** 2024
 - Developed a responsive front-end web-based bookstore system using HTML, CSS, and JavaScript designed for seamless user navigation and digital catalog management
